

Do you want to be a PrescQIPP Champion?

We are looking for a pharmacist or pharmacy technician from each ICB/HB area to be a 'PrescQIPP Champion'. We will train you on the latest PrescQIPP resources so that you can cascade these locally and optimise their use.

The training will include presentations and resources that you can use to disseminate information locally. We will also share resources in their development stage so that you can have a say about whether they meet your strategic needs or let us know what further resources are needed.

This will be an opportunity to work more closely with the PrescQIPP team and receive PrescQIPP resources first. As a PrescQIPP Champion you will have exclusive access to:

- PrescQIPP resources masterclasses
- Data masterclasses
- Leads emails
- Access codes to trial PrescQIPP e-learning courses
- The PrescQIPP monthly senior brief webinars if nominated by subscriber lead
- Leadership and communication skills training

...and much more

Who are we looking for?

We are looking for pharmacists or pharmacy technicians who have good "Championing" skills, alongside:

- Experience of using PrescQIPP resources
- Good presentation skills
- Able to network effectively with colleagues
- Good IT skills
- Keeness to undertake the role

Although this is a non-remunerated role, you will gain some great experience for your career development/advancement/interest and get a head start with PrescQIPP resources.

Commitment

We envisage that as a PrescQIPP Champions you will spend up to eight hours a month on this work, but this would run alongside other work you are involved with. We would ask for a firm commitment to attend virtual PrescQIPP Champion meetings four times per year lasting two hours. The four meetings per year will consist of:

- Two hour leadership training – Agenda items will include skills training such as leadership, communication skills, sharing successes and problem solving alongside the latest PrescQIPP resources
- A two hour webinar with the latest PrescQIPP resources will follow this training session

We would also like to involve PrescQIPP Champions in the strategic review of our resources in their development stage. Resources would be emailed to PrescQIPP Champions at the quality assurance stage for them to review and advise whether they meet strategic needs and whether any other implementation

materials are needed. We would expect individual PrescQIPP Champions to feedback on around two resources per year. This is not an editing or formatting role as this is done elsewhere in the quality assurance process, so should not take more than an hour or two to complete. The benefits for the Champion are that they will get early sight of the resources and will be able to feed into them.

E-learning

PrescQIPP Champions will be given passcodes so they can access our e-learning courses free of charge. We hope that by viewing our e-learning courses, PrescQIPP Champions will be able to advise their organisation when they are considering purchasing e-learning for their area.

Key dates

The dates for the 2024 meetings are set out below. The meetings are recorded and available via a private link to PrescQIPP Champions, so if a meeting is missed it can be caught up at a later date.

Monday 26th February 2024 10:00am-12:00pm

Tuesday 4th June 2024 10:00am-12:00pm

Wednesday 4th September 2024 10:00am-12:00pm and development session 1:00pm-3:00pm

Monday 2nd December 2024 10:00am-12:00pm

If you would like further information or an informal chat about becoming a PrescQIPP Champion, please contact Karen Homan, karen@prescqipp.info

If you are interested in becoming a PrescQIPP champion, please contact your Head of Medicines Management / Optimisation. They will consider all applications and nominate their chosen Champion across each ICB/HB. The online PrescQIPP Champion nomination form is [available here](#).
